

FUNERAL NOTICE
WILD—The funeral of the late A. E. Wild will take place from the funeral chapel of F. L. Jones & Son today at 3 p. m. Friends invited.

BRIEF LOCAL NOTES

SHIP CATTLE—A trainload of cattle and three carloads of goats were shipped from the valley yesterday, en route to Denver. Other shipments will follow in a few days.

GETS NEW CAR—Dr. R. D. Kennedy has received a new Maxwell automobile which he is now breaking in. The car is very handsome in appearance and has all the earmarks of a serviceable machine.

ROW OVER LAND—According to advices received from Winkelman yesterday by District Attorney Shute, a factional fight over the possession of land in that camp, which has been in progress intermittently for several months, has broken out again. Although advices from that camp are meager, it is understood that the trouble is somewhat serious and District Attorney Shute will leave this morning to investigate the matter.

GOOD PICTURES—“The 101 Ranch,” the depiction of a wild west show in the open, will be given at the Airdome tonight. This picture, which is unusually long, will furnish practically the entire bill and from the high favor with which it has been received elsewhere, it should prove decidedly entertaining.

PRISONERS LEAVE—Under the care of Deputy Sheriff George Henderson and James Lightfoot, Pete Jurascovich and P. E. Pullen will leave for the territorial penitentiary at Florence this morning. Pullen was convicted of grand larceny and Jurascovich of assault with a deadly weapon upon Pat Brazell, at the O. K. Corral.

ACCIDENTAL DEATH—An inquest was held yesterday over the remains of Fred Faulk, who died Tuesday night as the result of injuries received by an explosion in the shaft of the National Mining & Exploration company. The coroner's jury investigated the accident very thoroughly and returned a verdict of accidental death, without fixing the responsibility.

NEW SINGER—Miss Marjorie Dalton, who has been a member of the Quinn stock company for the past several weeks, made her initial appearance

at the Globe theater last night. Miss Dalton sang several numbers during the two performances and was well received. She possesses an excellent and very well trained contralto voice and should become popular at the Globe.

LAST COUNCIL MEETING—The last regular meeting of the city council will be held tonight, when the bulk of the affairs of the present administration will be brought to a close. A number of business matters will receive attention, including reports on the water question, a report from B. J. Barron, who is examining the books of the water department and several ordinances which have been hanging over for some time. It is probable that a special meeting will be held Saturday, to wind up the business of the present council.

PETROLEUM DRAMA AT MARTIN

Civil War Piece Well Presented by Members of Quinn Company

“Struck Oil,” a comedy drama dealing with the days of the Civil war, was presented at the Martin theater last night and in spite of its rather incongruous name, proved to be a decidedly entertaining piece.

The play has to do with John Stofel, a German shoemaker who enters the Civil war as a substitute for one Deacon Skinner. During the war, Stofel is injured and partially loses his mind, which fact is taken advantage of by Skinner, in an effort to deprive Stofel of his property. Stofel eventually recovers and not only thwarts the plot but discovers that oil has been found on his property and that he has become wealthy.

The members of the Quinn Stock company present the piece in a very creditable manner, Herbert Ashton and Miss Branscombe having the chief roles. The engagement of the present stock company will close the latter part of next week, musical comedy to follow.
